

of time on the computer, but ask them so question about the economy, sea floor spreading or even about the @DATE's you'll be surprise at how much interesting then in class all day reading out of books. If your child is home on your computer or at a local library, it's better than being out with friends being fresh, or being perpressedured to doing something they know isn't right. You might not know where your child is, @C+PS2 forbiddle in a hospital bed because of a drive-by. Rather than your child on the computer learning, chatting or just playing games, safe and sound in your home or community place.

Now I hope you have reached a point to understand and agree with me, because computers can have great effects on you or child because it gives us time to chat with friends/new people, helps us learn about the globe and believe or not keeps us out of trouble. Thank you for listening.
